What is Proposal Development?

The Proposal Development module contains records of proposals created for routing and submission. Users enter data in the Proposal Development module in the Department with the appropriate rights for a particular unit.

This module is open to certain campus users based on specific needs and is not available to general campus users as the data in this module may be sensitive or proprietary. Investigators listed on the proposal can view the record and certify the proposal. Departmental and College Approvers have access to view and approve the proposals.

Access to this module is provided at a unit level based on business needs. Data in this module may not be edited once the proposal has been submitted to the sponsor. No data in the Proposal Development module are included in the Data Warehouse and are not included in any institutional reports.

Note: If you are not a proposal creator or do not have view access to development proposals, you can request either of these roles via the [KR Access Request Application](#).

Viewing Proposal Development Records

You can access Proposal Development records by searching for them or clicking on the Medusa tab within an Award, Institute Proposal, or Subaward record.

Searching in Proposal Development via the Common Tasks

If you've closed your proposal and need to re-open it, you may perform a search. Click [Common Tasks] > click [Search Proposals] under the [Proposal Development]

Searching for Proposal Development Records

There are multiple ways you can search and retrieve proposal development records using Search Proposals in Common Tasks, utilizing Medusa within any related record, referencing records presented in dashboard cards, or using the Search Records search page.

Proposal Search in Common Tasks

You have the option of directly searching for Proposal Development records. Using Kualu Research searching techniques, type in your search criteria and click on search. If you click Cancel, the system will return you to the Welcome screen.

Basic searching rules: * is the wildcard character; click on the  to look up that field.

A vertical bar character| may be used as an OR operator within each field that's not a pull-down.

If you are doing a broad proposal search, type in CC01*|CC09* for the lead unit, which will ensure that all UMD proposals are included in the search results. Some older UMD development proposals (2007-2015) have UMCP as their lead unit. To include them in your broad search, type in UMCP|CC01*|CC09*.

Search will return a results list at the bottom of the Lookup screen. Click on view to open the selected proposal. **NOTE:** Search results will be limited based on the user's rights. You cannot open proposal development records if you do not have the right to access proposals for that lead unit. The actions listed will be limited by the rights of the user and the status of the proposal.

You may commonly find yourself within an Award, Institute Proposal, or Subaward while determining you'd like to view the associated Proposal Development Record. This can be done without searching for the Medusa tab.

In Medusa, click the Development Proposal link to view the summary information, then click the "Open Proposal" button to open that record in another web browser tab.

Opening Proposals from Dashboard

You may find the proposal you are looking for in various dashboard cards. Depending on your role, some of these cards may have records displayed that you can directly open for review.

Proposals Routing to Me Card

This card allows Proposal Development Approvers to easily monitor proposals queued up for their approval and watch for proposals they will soon have to approve. If you are not an approver, this card will be empty. To open a record, click on any proposal you wish to view.

Proposal Workload Card

This card allows anyone with Proposal view access to see which proposals are still currently in the process of being approved across all routing stops. When viewing the “Current Request(s)” column, you can observe who the current primary approver is (e.g., Chair, Dean, ORA Representative). The “Assigned Approver” field will always be blank. Once a proposal has been completely approved, it will be removed from this card. If a proposal is recalled or returned, it will also be removed from the card until it gets routed for approval again.

- The Proposal Tab is used only for S2S proposals and contains any attachments for submission to the sponsor.
- The Personnel Tab is used only for S2S proposals and contains investigator-specific attachments such as Current and Pending Reports and Biosketches.
- UMD does not use the Abstract Tab, and it will not contain any information.
- The Internal Tab lists all attachments a department would like to retain but not submit directly to the sponsor(Only for S2S), for example, the departmental budget spreadsheet, funding opportunity instructions, and departmental routing memo. For the non-S2S proposals, ALL documents will be attached on this tab.
- UMD does not use the Notes Tab, and it will not contain any information.

Questionnaire Tab

The questionnaire tab allows you to review all questionnaire answers. Depending on the type of proposal, you may see different questionnaires displayed in this section for funded agreements, non-funded agreements, or system-to-system proposals.
